

Éric Delabesse, Pharm D PhD

Born 5 october 1963

Current position

Medical biologist, Head of the laboratory of hematology, university hospital of Toulouse

Head of team 16 of the Center for Research in Cancerology of Toulouse (CRCT)

Professor of Medicine, Co-head of the medical faculty teaching of blood diseases at the University of Toulouse

Molecular biology head of the FILO AML national network

Present address

Department of Haematology

Institut Universitaire de Cancérologie de Toulouse, site Oncopôle, CHU de Toulouse

Office N3-LAB-BIO-012

1 avenue Irène Joliot-Curie

31059 Toulouse cedex 9

Tél : +33 5 31 15 62 29 ; Fax : +33 5 31 15 62 27 ; mail : delabesse.eric@iuct-oncopole.fr

Diplomas and Titles

Professor of medicine, 2006

Toulouse III University

Habilitation to direct research, 2005

Paris V University

Clinical biologist, 2002

Paris V University

Research associate, 2000

University of Cambridge, Great Britain

Clinical University Assistant, 2000

Paris V University

CNRS UMR8603 and Laboratory of Hematology, Necker Hospital, Paris

PhD thesis, 1998

Paris VII University

Doctorate in Blood Cells Biology: Study of the T lymphoid oncogenesis linked to the deregulation of TAL1, Very Honorable Mention with the Congratulations of the Jury

Research assistant, 1996

AP-HP, CNRS URA1461, Necker Hospital, Paris

Clinical resident, 1995

Doctor in pharmacy, 1994

Functions

Research

Head of Team 16, CRCT, Alterations of transcription factors in acute leukemias

PAX5 mutations in B-cell acute lymphoblastic leukemias

GATA2 mutations in acute myeloid leukemia

PhD students (4)

Charlotte Cresson, Julien Familiades, Laura Jamrog, Marlène Pasquet

Molecular diagnosis of malignant blood cell diseases

Molecular biology head of the FILO AML national network

Member of the board of the group of Research on Adult Acute Lymphoblastic Leukemias study group (GRAALL)

Pharmacy theses directions (7)

Jasmine Chauzeix, Florence Coulange, Louis-Thomas Dannus, Pascal Huchette, Pierre-Yves Juvin, Yannick Le Bris, Jean-François Quillet, Caroline Rouvellat, Anne-Claire Strzelecki

Medical theses directions (3)

Lucie Coster, Véronique Duval-Harrivel, Suzanne Tavitian

Member of the ARC Foundation National Committee

Teaching

Medical School, University of Toulouse

DFGSM2 module manager (second year): Blood tissue and Immune system, general bases

DFGSM3 module manager (third year): Blood tissue

Medical Biology DES

Responsible of the Medical Biology in Hematology module in the University Hospital of Toulouse

Medical

Head of the laboratory of hematology, university hospital of Toulouse

Head of the molecular biology unit

Co-head of the molecular diagnostic platform for cancers in Midi-Pyrénées (INCA 2006 label).

Publications

Metric, 18th may 2020 (Web of Science)
